

CRITERION :1
Sub-Criterion :1.4
1.4 Feedback System

The institute has a structured system in place for gathering and evaluating stakeholder feedback according to various criteria. Stakeholder input is helpful for the institute's overall development. The institute gathers opinions from students, teachers, alumni and employers and teachers as stakeholders. Feedback from stakeholders is intended to provide insightful information that can be used to improve curriculum redesign, infrastructure, teaching practices, and other areas. The institute's user-friendly Campus ERP guarantees the collection and analysis of online student feedback.
