Guidelines of Group Discussion

Group Discussion

This activity is conducted to generate awareness among the students on current issues. It improves the communication skills and increase confidence level of the students. Through this activity students are able to feel the sense of leadership by means of discussion in a group on a particular topic.

Director
Prestige Institute of Management
& Research, Gwalior (M.P.)

Process Steps

1. The process of a Group Discussion starts with the announcement of the topic.
2. The preparation time of 3 minutes is given before beginning the discussion and discussion time is 10 minutes for each group.
3. Any participant in the group can initiate the discussion. After the initiation, anyone from the group can continue the discussion. Similarly, everyone gets the chance to speak. One after another, participants in the group express their views on the given topic.
4. After the completion of each discussion panelists may ask one or more than one participant to summarize the GD. Whenever you are asked for the summary, remember to cover the discussed points. The participants who were quite among the discussion are generally asked to summarize it, which is a good opportunity to present their views. But, it does not mean that everyone should be quite. The summary should include the essential discussed points and the conclusion of the discussion.
5. The final scores are calculated on the basis of the performance of each participant, the panelist gives the scores. The panelists are usually three to four to judge the performance of candidates in the Group Discussion.

Do's of GD

- Listen to others. It is not necessary to initiate a GD
- Initiate the discussion if you are familiar with the topic
- Intervene if the discussion is turning to be hostile. It reflects your leadership

Collaborating Agency: LNUPI , NSS

Date of Activity: 16.07.2019

Number of Students Participated: 100 students

About the Activity

The National Service Scheme (NSS) at Jiwaji University actively embraced the spirit of holistic well-being by organizing a special event to commemorate International Yoga Day on June 21, 2019. With the enthusiastic participation of 100 registered NSS students, the program aimed to not only celebrate the ancient practice of yoga but also to promote fitness awareness in conjunction with the importance of civic responsibility, particularly voting.

The event commenced with a vibrant inaugural ceremony that highlighted the significance of International Yoga Day and its multifaceted benefits for physical and mental health. The NSS students actively engaged in various yoga sessions led by experienced instructors, practicing a range of asanas and meditation techniques. The integration of yoga into the program served as a powerful reminder of the importance of maintaining a healthy lifestyle, fostering physical fitness and mental well-being among the participants.

Drawing a unique connection between fitness awareness and civic responsibility, the NSS incorporated thematic elements emphasizing the role of a healthy body and mind in contributing to an active and engaged citizenry. Through discussions, informative sessions, and interactive activities, the participants explored the parallels between a disciplined, healthy lifestyle and the ability to make informed and responsible choices, such as exercising their voting rights.

Beyond the physical and mental benefits, the NSS-led International Yoga Day event aimed to instill a sense of mindfulness and civic consciousness among the participating students. By aligning fitness awareness with the broader theme of responsible citizenship, the program sought to create a holistic understanding of well-being that encompasses both individual health and active civic participation. The NSS's initiative on International Yoga Day stands as a testament to its commitment to nurturing well-rounded individuals who understand the interconnectedness of personal and societal health.
